# KELVIN CHUA FOO LONG

**Software Developer**

📞 +60192327238  @ kelvinchuafoolong@gmail.com  🔗 github.com/Kelvinzter

📍 Kuala Lumpur, Malaysia

## EDUCATION

### Bachelor of Computer Science with Honours

**University of Birmingham**

📅 10/2018 - 06/2020  📍 Birmingham, United Kingdom

GPA **3.25** / 4

- Transferred to University of Birmingham for my second and final year

### Bachelor of Computer Science with Honours

**Taylor's University**

📅 08/2017 - 08/2018  📍 Kuala Lumpur, Malaysia

GPA **3.83** / 4

- Completed my first year at Taylor's University
- Was team leader for majority of assignments and projects
- Made Dean's List every semester

## EXPERIENCE

### Digital Team Shadow

**AXIS eCommerce**

📅 07/2019 - 07/2019  📍 Kuala Lumpur, Malaysia

- Volunteered to shadow and work alongside AXIS's digital team.
- Assisted with creating and completing various web pages for AXIS's clients using HTML and CSS.
- Utilized an IDE called Brackets to build and complete web pages.
- Overall AXIS's clients were pleased with the results.

### Participant

**NASA Space Apps Challenge**

📅 05/2017 - 05/2017  📍 Kuala Lumpur, Malaysia

- Led a team of 3 people to create an Eco-themed app at NASA's annual global hackathon.
- Utilized a prototyping software called Proto.io to design the app and PowerPoint to present the idea.
- Developed an app which rewards users points when electricity is saved. Points can then be spent ongetting discounts on brands or free items, similar to Grab's rewards system. The team adhered to human computer interaction principles to make sure the app was reliable, user friendly and efficient.
